CHAPTER 38C MANAGED CARE PLANS SUBCHAPTER 1. PHYSICIAN CREDENTIALING

8:38C-1.1 Scope and purpose

- (a) This subchapter applies to all carriers offering managed care plans, and the agents that carriers may use for purposes of credentialing or recredentialing physicians on behalf of the carriers.
- (b) This subchapter establishes a credentialing and recredentialing form pursuant to the authority set forth at N.J.S.A. 26:2S-7.1, to be accepted by all carriers offering managed care plans for the purpose of credentialing and recredentialing physicians who seek to participate in a carrier's provider network, including physicians employed by hospitals or other health care facilities.
- (c) This subchapter establishes alternative, acceptable means by which carriers offering managed care plans may credential and recredential physicians.

8:38C-1.2 Definitions

The following words and terms, when used in this subchapter, shall have the following meanings, unless the context clearly indicates otherwise.

"Carrier" means an insurance company authorized to transact the business of insurance in this State and doing a health insurance business in accordance with N.J.S.A. 17B:17-1 et seq., a hospital service corporation authorized to do business pursuant to N.J.S.A. 17:48-1 et seq., a medical service corporation authorized to do business pursuant to N.J.S.A. 17:48A-1 et seq., a health service corporation authorized to do business pursuant to N.J.S.A. 17:48E-1 et seq., or a health maintenance organization authorized to transact business pursuant to N.J.S.A. 26:2J-1 et seq.

"Credentialing" means the process of collecting and validating the professional qualifications of a physician and evaluating those qualifications against a carrier's standards of qualifications for participation in the carrier's health care provider network for the carrier's managed care plans.

"Credentials data" means information, attachments, or answers to questions required by a carrier to complete the credentialing or recredentialing of a physician.

"Department" means the Department of Health and Senior Services.

"Managed care plan" means a health benefits plan (as health benefits plan is defined at N.J.S.A. 26:2S-1 et seq.), that integrates the financing and delivery of appropriate health care services to covered persons by arrangement with participating providers, who are selected to participate on the basis of explicit standards, to furnish a comprehensive set of health care services and financial incentives for covered persons to use the participating providers and procedures provided for in the plan.

"New Jersey Universal Physician Application" means the form developed by the Department and set forth in the Appendix to this subchapter as Exhibit 1.

"New Jersey Physician Recredentialing Application" means the form developed by the Department and set forth in the Appendix to this subchapter as Exhibit 2.

"Physician" means a person who is licensed by the State Board of Medical Examiners in accordance with the provisions of Title 45 of the Revised Statutes.

"Prepopulate" means to pre-print requested information derived from a database on a form prior to distributing the document to the target population for review, completion and correction, as appropriate.

"Recredentialing" means the process by which a physician's information related to his or her credentials is updated and re-verified for purposes of determining whether the physician shall continue to participate in the carrier's health care provider network.

8:38C-1.3 Credentialing standards

- (a) Carriers that offer managed care plans shall accept the New Jersey Universal Physician Application, as set forth in Exhibit 1 of the Appendix to this subchapter and incorporated herein by reference, for the purpose of credentialing physicians who seek to participate in the carrier's network(s).
- (b) Carriers that offer managed care plans may continue to use another physician credentialing application form but shall inform physicians that a downloadable version of the New Jersey Universal Physician Application is available through the Department's website www.state.nj.us/health or indicate where physicians may obtain a hard copy of the New Jersey Universal Physician Application.
- 1. When a physician makes an oral inquiry concerning a credentialing application, then a carrier's response concerning the availability of the New Jersey Universal Physician Application may be oral; however, any mailing of the carrier's credentialing application form as a follow-up to the oral request shall include a written notice referencing the availability of the New Jersey Universal Physician Application, and information on how to access the application.
- 2. When a physician inquires in writing concerning a credentialing application, then the carrier shall include with its credentialing application form a written notice referencing the availability of the New Jersey Universal Physician Application and information on how to access the application.
- 3. Carriers shall not require providers to use the carrier's credentialing form in lieu of the New Jersey Universal Physician Application in order to participate in the carrier's network(s).
- (c) As an alternative to the requirements set forth in (a) or (b) above, carriers may access information about a physician from a recognized, national credentialing database, data bank or repository of health care providers subject to the following conditions:
- 1. Carriers shall not require providers to use a national database in lieu of one of the forms set forth in (a) or (b) in order to participate in the carrier's network(s).
- 2. The database shall include credentialing data commonly requested by carriers, hospitals and other health care entities and credentials verification organizations for purposes of credentialing and shall minimize the need for the collection of additional credentials data.
 - 3. The database shall be accessible to physicians at no cost.
- 4. The database shall be accessible to physicians through multiple methods including electronic and paper formats.
- 5. The database shall incorporate adequate security features to ensure that credentials data submitted by physicians and provided for review shall remain confidential, as provided by law, and shall not be released without the written consent of the physician.

- i. An electronic signature or other similar alternative that acknowledges the physician's consent to the release of credentials data shall satisfy the written consent requirement.
- 6. The database shall, at a minimum, collect the following physician credentialing information:
 - i. Education and degrees;
 - ii. Specialty, if applicable;
 - iii. Board certification status;
 - iv. Hospital affiliations;
 - v. Office hours;
 - vi. Whether accepting new patients;
 - vii. Liability insurance coverage;
 - viii. Languages spoken;
 - ix. Professional references; and
 - x. State and Federal license and/or registration number.
- 7. The database shall require physicians to provide all information concerning any license actions, sanctions or restrictions; professional sanctions from any source; felony conviction(s) and malpractice claim history from settled or closed case(s).
- 8. The database shall require the physician to attest to the completeness and accuracy of the information provided.
- 9. The database shall require primary and secondary source verification for all licenses, board certifications, registrations and insurance.
- 10. Nothing set forth in this subsection shall preclude a carrier from consulting a national database to verify data submitted in accordance with subsection (a) or (b).

8:38C-1.4 Recredentialing standards

- (a) Carriers that offer managed care plans shall accept the New Jersey Physician Recredentialing Application, as set forth in Exhibit 2 of the Appendix to this subchapter and incorporated herein by reference, for the purposes of recredentialing physicians who seek to continue to participate in the carrier's network(s).
- (b) A carrier that offers managed care plans may continue to use another physician recredentialing application form for renewal of credentialing if the carrier prepopulates the form with the individual information of each physician to whom the form is sent.
- 1. Carriers electing to use a prepopulated recredentialing application shall inform physicians of the availability of the New Jersey Physician Recredentialing Application, downloadable through the Department's website www.state.nj.us/health or indicate where physicians may obtain a hard copy of the New Jersey Physician Recredentialing Application.
- i. When a physician makes an oral inquiry concerning a recredentialing application, then the carrier's response concerning the availability of the New Jersey Physician Recredentialing Application may be oral; however, any mailing of the carrier's recredentialing application form as a follow-up to the oral request shall include a written notice referencing the availability of the New Jersey Physician Recredentialing Application, and information on how to access the application.

- ii. When a physician inquires in writing concerning a recredentialing application, then the carrier shall include with its recredentialing application form a written notice referencing the availability of the New Jersey Physician Recredentialing Application, and information on how to access the application.
- 2. Carriers electing to use a prepopulated recredentialing application form shall modify the form as necessary to provide physicians with space on the form to correct, add or update any incorrect or missing information.
- 3. Carriers shall not require a physician to use the carrier's recredentialing form in lieu of the New Jersey Universal Physician Recredentialing Application in order to continue to participate in the carrier's network(s).
- (c) Carriers may send the prepopulated form electronically or in paper format, and shall be capable of accepting any revisions to the prepopulated form in the same format in which it was distributed; however, a carrier shall not require that a physician be capable of accepting the prepopulated form electronically, nor shall the carrier require that revisions to the prepopulated form be submitted electronically by a physician.
- (d) As an alternative to using the recredentialing form set forth in (a) above or a prepopulated form as set forth in (b) above, carriers may utilize update and recredentialing information obtained from a national credentialing database, data bank or repository of health care providers.
- 1. The election by the carrier to use a national credentialing database, data bank or other repository of health care providers shall be subject to the conditions set forth at N.J.A.C. 8:38C-1.3(c).

8:38C-1.5 Right to request additional information

- (a) Use or acceptance by a carrier of the New Jersey Universal Physician Application form, the New Jersey Physician Recredentialing form or the election by the carrier to obtain information from a national credentialing database, data bank or repository of health care providers shall not be construed to restrict the right of a carrier to request additional information necessary for credentialing or recredentialing.
- 1. Notwithstanding (a) above, a carrier shall not request information that duplicates information already requested on the New Jersey Universal Physician Application form, or as part of the national credentialing database, data bank or repository of health care providers.
- 2. A request by a carrier or other qualified entity for primary or secondary source verification shall not be considered a request for duplicative information, or otherwise prohibited.

8:38C-1.6 Enforcement

- (a) The Department is authorized to impose the following remedies to enforce the provisions of these rules.
- 1. Imposition of a monetary penalty for each violation in an amount determined by the Commissioner in accordance with N.J.S.A. 26:2S-16; and/or
- 2. Other remedies for violations of statutes, as provided by State and Federal law.
